| • Ball Size | B Size (1") |
| • Weight Capacity | Standard Use: 2lbs Heavy-Duty Use: 1lbs |
| • Materials | Marine-Grade Aluminum |
| • Packaging Type | Poly Pag |
| • Weight | 0.52 lb |

- 1 Center bolt bridges the gap between both halves of the socket arm
- 2 This socket technology allows for almost infinite adjustment and perfect viewing angles.
- 3 A single spring inside the arm opens the end sockets, allowing you to pivot the ball and socket connection.
- 4 Stainless steel and nylon washers ensure smooth and secure friction when tightening your mount.
- 5 High strength knob with brass threading keeps your mount tight for the long term.

Double ball and socket technology allows for near-infinite adjustability of your RAM® mounting system
